### **NEW SUPPLIER - GET FARMED - Fully-Australian Owned.**

Lynne spent months visiting farmers all around Australia to source the very best ingredients that our country has to offer. The result is a portfolio of 7 delicious, healthy and nutritious snacks and breakfast options. We are also proud to boast that each of these products is made of ingredients sourced only from within Australia! Get Farmed! Is the only range which contains only Australian grown ingredients.

At Get Farmed! We are passionate about supporting our very own farming community in Australia.

We believe in the need to support our local agricultural sector – for the quality of food it produces, for the meaningful employment it creates, and for food security for future generations of Australians.

Our products may not be the cheapest on the market, but neither are they the most expensive. They provide an option for consumers who want a fully Australian, premium quality product at a reasonable price. So Get Farmed! And celebrate Australia's farming community!
